### External Debt - Investopedia

Outside influences that can impact a business. Various external factors can impact the ability of a business or investment to achieve its strategic goals and objectives. These external factors might include competition; social, legal and technological changes, and the economic and political environment.

#### **OPCW EXTRANET**

The external JavaScript itself, which is simply a text file with the containing JavaScript code, saved as a file. Using the above code, lets create a library out of it, so multiple pages can all display a nice date without having to physically include the above code on that page. While the ...
